

President's Address

Clinical Tips:

- Patients can usually tell you which are their best veins
- Use the whiteboards in the common rooms if there is news you want to get out there!
- Watching medical tv shows is part of your education- up there with EBM

The UWSMS has an absolutely Jam packed Schedule coming up and it's important you know what is happening over the next few weeks so that you don't miss out!!

This Monday 26th of July: MDA National Debating Series 2010 Final

The ultimate end and the final glory, more shock and awe than Desert Storm and more heroism than Normandy. This battle will be tougher than Starlingrad and more bitterly fought than an after Christmas sale. Two teams enter, one team leaves. A colosseum of all four years baying for blood. The big stage. The big league. The big time. The Grand Final. Be there, make plans, physically or chemically restrain your carpool, go out to dinner afterwards or bring a picnic but be there. When the earth is sundered where do you want to tell your children you were. Need I say more?

Details Debate 5: The Throne Room. GRAND FINAL.

Location: SoM Lecture Theatre.

Day: Monday

Time: 5:30pm

Topic: To be revealed slowly over the next week.

Teams: Winner of debate 4 (Preclinical Champions)

(Affirmative) versus Winner of debate 3 (Sean and his able seamen)(Negative)

The Following Monday 2nd of August (Monday year 3 conference week): Sports Night 2010

That Same Wednesday 4th of August: UWSMS Careers In Medicine Night - Brought to you by Avant

The variety of careers available to medical graduates is ENORMOUS. Few professions can boast such a diversity of opportunity, ranging from general practice to surgery, pathology to obstetrics and gynaecology, and paediatrics to psychiatry.

But this huge variety of opportunity can be daunting.. this is where UWSMS and Avant come in: The UWSMS Careers in Medicine Night!

With a myriad of speakers from a variety of specialties, followed by a tradeshow attended by the various Colleges, this night promises to be INFORMATIVE, INTERESTING and most importantly... FREE.

Avant will also be providing all Avant members with a Careers in Medicine handbook for free (usually valued at \$45!).

For anybody who has put their hand up during the Dean of Medicine's address and asked "What else can I do once I graduate besides practice medicine" then this night is definitely for you!

We are negotiating a great line up of speakers, so check this space!

Confirmed speakers for the evening include:

Professor Tim Cartmill AO, Paediatric Cardiac Surgery Pioneer
Dr Luis Gallur - Director of Anaesthetics, Liverpool Hospital and Co-Founder of Careflight
Dr Helen Parsons - Medical Administrator and Medical Director of Justice Health (www.justicehealth.nsw.gov.au)
There will also be representatives from all the RAC**s that you could think of!

Last but not least.. like any great event, there will be FREE FOOD. The variety of careers available to medical graduates is ENORMOUS. Few professions can boast such a diversity of opportunity, ranging from general practice to surgery, pathology to obstetrics and gynaecology, and paediatrics to psychiatry.

Offers from our sponsor Elsevier

Elsevier has just published a fantastic 5th edition of 'Atlas of Human Anatomy' by Frank H. Netter.

This edition uses Frank H. Netter's detailed illustrations to demystify this often intimidating subject, providing a coherent, lasting visual vocabulary for understanding anatomy and how it applies to medicine. This 5th Edition features a stronger clinical focus-with new diagnostic imaging examples-making it easier to correlate anatomy with practice. Student Consult online access includes supplementary learning resources, from additional illustrations to an anatomy dissection guide and more.

A new 3rd edition of the Flash cards to accompany the main text are also now available - Netter's Anatomy Flash Cards 3e with Student Consult Access.
